## CHURCH DEFEATS SIMPSON, JR. IN CONGRESS RACE

Secretary Ickes Raps Simpson, Aids Ralph Church

Ralph E. Church defeated James Simpson, Jr., for the Republican nomination for congressman in the 10th district by over 4,000 votes, virtually complete returns showed today. Church, who was defeated when the primary election count was contested in 1932, ran as an independent in the November election.

The scrap between Church and Congressman Simpson for the nomination was the highlight of the congressional battle. The hot campaign waged by the two became even more heated in the closing days when Harold L. Ickes, secretary of the latter, took a hand in the fight by sending a letter opposing Simpson.

## Heart Attack Is Fatal To Well-Known Channel Lake Woman

Death Suddenly Claims Mrs. Orilla Garwood, Life-Long Resident Here

Funeral services for Mrs. Orilla Garwood, well-known Channel Lake woman, were conducted this afternoon from the Strang Funeral home by Mrs. Theresa Lewis. Burial is in the Hillside Cemetery.

Mrs. Garwood passed away quite suddenly Tuesday afternoon as a result of a heart attack, at her home at Channel Lake.

Orilla May Savage was born August 9, 1867, in Antioch Township, the daughter of Mr. and Mrs. Joseph Savage. She received her education in community schools, and has spent her entire life in this vicinity.

She was united in marriage to Harmon A. Garwood May 17, 1885. Since the death of her husband several years ago, she has made her home with her son, Ed. A. Garwood, at Channel Lake.

Survivors Are Many  
She is survived by eight children: Mrs. Ina Duffield, Theodore, Ala.; Sam and E. A. Garwood, Antioch; Mrs. Lola Peterson, Chicago; Mrs. Ella Wheeler, Berwyn, Ill.; Leslie Garwood, Cicero, Ill.; Mrs. Helen Lake, Hinsdale, Ill.; Mrs. Mildred Thompson, Harvey, Ill.; and Mrs. Ida Byars, Forest Park, Ill.; one daughter, Mrs. Josephine Beller, preceded her in death.

She is also survived by three brothers, Eugene Savage, North Chicago; Lewis Savage, Waukegan; and Rev. Joseph Savage, Deerfield; four sisters, Carrie Cleary, Chicago; Ida Hoffman, Stoughton, Wis.; Laura Graham, Hollywood, Calif.; and Pearl Eppers, Wilmette, Wis.; twenty-five grandchildren and two great grandchildren.

## WATER IS SHUT OFF FOR THREE HOURS LAST NIGHT

Antioch's water supply was cut off from 7 till 10 p. m. yesterday evening, while a water bypass was being installed to the new water tower, and tests being made to determine whether the change would be satisfactory.

Members of the fire department stood by at the station in case of fire. It is expected that the new water tower will be ready for use about May 1. The top has yet to be added, and painting remains before its completion.

## Sam Sorenson Ill; Relief Manager Here

Sam Sorenson, manager of the National Tea Store, was stricken with a physical and nervous breakdown last week, and is now at home under the doctor's care. He will be confined to his home for at least a month and possibly longer.

A relief manager, Frances Stuedorf from McHenry, has been sent here by the Chicago Central office to take charge during Sorenson's absence.

## Appoint New Fire Dist. Commissioners

Three commissioners for the new Fire Protection District in Antioch Township were appointed Monday by Judge Perry L. Persons. They are Clarence Crowley, George White, and Ernest Simons.

They assume their duties of overseeing the district, making appropriations and handling the money on the first Monday in May.

A meeting will be held soon with the officers of the Antioch fire department, to determine arrangements for the future protection of the rural district.

## WILLIAMS BROS. STAGE COOKING DEMONSTRATION

Model Refrigeration Shows Why Gentlemen Prefer Beef

"Gentlemen Prefer Beef" is the title of a new and novel cooking demonstration which will be staged for the benefit of the women of Antioch and its vicinity Friday, April 13, in the store of Williams Bros.

Known as a "visomatic" presentation, the demonstration will be held three times during the afternoon and evening, in order that the anticipated large audience may be accommodated. Officials of the company announced, free to all who wish to attend, the demonstration will be and by the city's meat merchants, jointly sponsored by the local firm.

The demonstrations will start promptly at 2:00 and 3:30 o'clock in the afternoon and at 8:00 o'clock in the evening.

"It is a new and novel presentation, profusely illustrated, of problems that constantly come up in the home of every woman who plans or prepares meals," W. R. Williams, manager of Williams Bros., said. "We chose beef for our subject because there are so many delicious ways to cook it and so many attractive ways to serve it. Another reason is this: beef presents some of the most difficult cooking problems."

The illustrated talk will bring our audiences ideas and suggestions worked out by Mary Lee Gordon of the Leonard Refrigeration Home Science Department and experts of the National Live Stock and Meat Board of Chicago. Housewives will be shown how to order the cuts best suited for various purposes and how cheaper cuts may be made tender and tasty if properly selected and cooked. They will be given new, proven recipes for beef dishes. How to buy the various cuts, where they come from and the uses to which each cut is best adapted will be illustrated in the demonstration.

## Corn-Hog Contracts In County Total 204

The Lake County Corn-Hog Board has given out the information that 204 Corn-Hog contracts have been signed in Lake county. They feel that this is a very good proportion for a small county having so much dairying in it.

C. A. Faulkner, President of the Corn-Hog Production Control Association, and H. C. Glickerson, Farm Adviser, attended a meeting at Geneva Friday to get further information on the completion of this work.

## ROTHOUR PLAYERS DRAW A CAPACITY HOUSE AT CRYSTAL

A capacity house greeted J. B. Rothour's company at the Crystal theatre Friday night to witness the first play presented in co-operation with Antioch merchants. There will be two more plays presented.

The title of the play for Friday night is "The Little Savage." Names of merchants giving tickets will be found in the Company's advertisement on another page of today's edition of the News.

The play, "Where's Elmer," proved a success and was excellently presented by a well balanced cast. Don't fail to see "The Little Savage," J. B. Rothour says.

## SCHOOL BALLOTING WILL BE SATURDAY

Candidates Include H. S. and G. S. Board Members

Quiet school elections are anticipated for Saturday, April 14. Unless names should be written on the ballot, there will be no competition at the high school, the only candidate being Mrs. Paul Ferris, who has filed for re-election, and Paul Zelen, Channel Lake, who has petitioned to succeed Fred Hawkins, retiring member of the school board. The high school election will be held from 12 noon to 6 p. m. at the high school.

Mrs. Ed Bacon, Round Lake, has filed her petition with County Superintendent W. C. Petty for membership on the non-high school board.

Three at Grade School

S. B. Nelson, cashier of the First National Bank, is unopposed in his candidacy for president of the grade school board, to succeed S. E. Follock, retiring president.

Mrs. Elsie Pierce is a candidate for reelection, and William Andersen is unopposed as a candidate to succeed Lee Strang.

The polls will be open at the grade school Saturday from 12 noon to 7 p. m.

No Trustee Election  
Because of a change in the law, there will be no election for trustees of the school township this year, according to Mayor Bartlett. Trustees will be elected every other year for six-year terms under the present law, at the regular election of town officials.

The term of Otto S. Klass will expire next year; Bert Edwards, in 1937; and Harold Minto in 1939.

In the past only if the school township and the political town districts had the same boundaries, elections were held together; in Antioch these districts do not coincide.

## \$3,000 Robbery Occurs During Funeral Rites

A deliberate outrage brought to a tragic close the funeral services for O. J. Schuler, well-to-do sportsman, a resident of Kenosha and Salem for many years, held Tuesday afternoon, when more than \$3,000 worth of jewels, keepsakes and treasures of a lifetime were looted from his home.

The house at Kenosha was left unoccupied during the progress of the funeral services, but upon return, the mourners discovered the place in greatest disorder, the safe unlocked, and jewelry stolen. Fifty dollars in cash were also missing.

The safe, which was located in a closet and concealed by clothing, has contained a number of valuable rings, necklaces, brooches, and other ornaments and keepsakes collected by Mr. and Mrs. Schuler during their twenty-eight years of married life.

Schuler passed away Saturday night at the age of fifty-two years.

He was well-known in Salem where he spent several months each year in his home on Hooker Lake. He owns much property in Chicago and Kenosha, where he had a permanent home. He is survived by his widow. Interment is at Kenosha.

Detectives are working to discover the thief.

## VILLAGE ELECTION TUES. TO BE QUIET

Very little competition for village offices will confront the voter next Tuesday, April 17, when he comes to vote at the Village Hall. Voting hours are from 8 a. m. to 5 p. m.

Three trustees are to be elected for one-year terms. On the Citizen's ballot appear the names of Eugene O. Hawkins, Herbert J. Vos and Nelson B. Sibley, and on the People's ballot, John N. Pacini.

Roy L. Murrell is unopposed in his candidacy for Village Clerk.

Mrs. Louise Vos and E. Morley Webb on the Citizen's ballot have no opponents on the People's ballot for the two members of the Library board to be elected.

## P. T. A. Sponsors Immunization Program Against Diphtheria

Mrs. Ernestine Robbins Is Elected President of Group at Meeting

Adoption of an immunization program to protect Antioch children against diphtheria was voted at the last meeting of the P. T. A. Monday evening. Full co-operation of all four of the local doctors has been assured.

Interesting motion picture reels on the posture of children, and another depicting the conquest of diphtheria by immunization of children were shown, in connection with a report of bulletins about diphtheria provided by the State Health Department.

As soon as the toxoid which is provided without charge by the State Health Department is available, inoculations will be given to the children at the grade school by their family physician. The Schick test will be administered first upon request of those parents whose children have already been inoculated, or wish to determine whether the children have developed a natural immunity.

Two inoculations are necessary. As it takes three or four months for immunity to develop, the Schick test will be given next fall to all those inoculated this spring.

Enlist Co-operation  
This type of program has been carried out in many schools and communities with great success, and is highly favored by all of the local doctors as a preventative of the dread diphtheria. Within a few days parents will be provided with information on the program, including permission slips, to sign, granting their children the privilege of taking the inoculation.

Proceeds from the next P. T. A. card party on April 24 will be used to defray the expenses of this immunization program. The party will be sponsored by the men, with Ralph E. Clabaugh, Otto Klass, Lester Osmond, William Anderson and W. C. Petty serving on the committee.

Officers Elected  
Mrs. Ernestine Robbins was elected president of the Antioch P. T. A. at the annual election of officers also held Monday evening. Mrs. Robbins succeeds Mrs. W. C. Petty who has served capably for the past year.

Other officers elected were: vice president, Dr. R. D. Williams; secretary, Miss Mary Galtier; treasurer, Mrs. Violet Dunn; historian, Mrs. Ethel Peat.

Report on Dental Work

Following the election, a report of dental service rendered to needy children in the district was submitted. Twenty-seven pupils from 17 families received dental aid. Thirteen permanent teeth and 16 temporary teeth were filled, sixteen teeth extracted, one root extracted, and one case of prophylaxis treated. The entire cost was \$49.50. Of this amount, \$41.00 was paid by the P. T. A. and \$8.50 by the American Legion.

Mr. and Mrs. J. A. Buckley and daughters, Dorothy and Barbara, of Wilmette, have moved into their new home in Wardner's subdivision, Antioch. Mr. Buckley has been supervising the construction of the house, a colonial type, during the winter months.

## Stratton, Lyons, Tyrrell, Doolittle Are Big Winners

## Berwyn Firm Opens Hardware Store Here

James Soukup & Son, hardware firm of Berwyn, Ill., have announced the opening Saturday of their Antioch store at 392 Lake street, former location of Tronson's studio.

The firm will sell hardware, household utensils, a complete line of paints and electrical supplies. The store is now being re-decorated in preparation of the opening Saturday.

Is Channel Lake Resident

The elder Soukup has been a summer resident at Channel Lake where he bought a home several years ago, and he has an extensive acquaintance in this locality. The firm has been in business in Berwyn for 15 years. The opening of another store in Cicero is also planned, according to Charles E. Soukup, junior member of the firm, who will be in charge of the Antioch store.

## ANTIOCH EQUIPPED FOR EMERGENCIES

Has Many Devices for Life-Saving and Rescue Work

Antioch is exceptionally well equipped to render prompt aid in cases of accident or other emergency—a fact which impresses most favorably visitors who come to this locality. The installation of the many life-saving devices has been a development brought about by numerous fatalities which have occurred in this vicinity as they have in other resort regions, especially during the vacation and hunting seasons.

Pioneers in the work of saving life in emergencies were the Antioch volunteer firemen, who several years ago purchased a pulmotor and members of the department were instructed in resuscitation methods practiced on victims of drowning and asphyxiation. Later, King's drug store purchased an inhalator, a device for administering oxygen.

An emergency hospital fitted up in a room in the First National Bank Building was the work of Dr. David N. Deering.

All of these have been directly responsible at some time or another of saving one or more lives. The failures almost always have been due to unavoidable delays in getting to the patients or having them brought into Antioch.

The latest addition to Antioch's emergency department is a modern ambulance, a part of the equipment of the firm of Larner & Lane, morticians, and proprietors of the Antioch Funeral Home on So. Main street. The ambulance service is available at any hour of the day or night, Edward Larner, senior member of the firm, announced.

The return of the resort season will again bring the usual number of drownings and near drownings in this locality, and this year will find Antioch better equipped than ever before to render speedy aid in emergencies.

## Rev. Jedele Officiates at Edwin Rentner Funeral

Rev. S. A. Jedele, pastor of the Peace Lutheran Church, Wilmette, Wis., officiated at the funeral of the late Edwin Rentner, held in the Antioch Methodist church April 3, instead of the Rev. L. V. Siller, local pastor, as stated in the last edition of the News. Mr. Rentner was a staunch Lutheran and a regular attendant at the Wilmette church.

The deceased was well and favorably known in Antioch where he spent his entire life, having been employed for the past seven years by W. A. Roising and George Wedge at the Antioch Oil Co. station here.

## PING PONG TEAMS DEFEAT FAN STEEL

The Antioch Ping Pong team swept through their opening match with the Fan Steel team of Waukegan Monday night at Sportmen's park, Waukegan, without losing a game. Nine singles and three doubles sets were played.

## DEMOCRATS SHOW ASTOUNDING GAIN: POLL RECORD VOTE

Voliva and Zion Help the Republican Winners

## STRATTON WINS BY OVER 300,000

William J. Stratton, Republican candidate for state treasurer, Richard J. Lyons, Rep. Representative from the eighth district, for reelection, Lawrence Doolittle, Rep. for sheriff, and Bart Tyrrell, Democrat, for sheriff, were big winners in Tuesday's primaries which were featured by the absence of close contests and the record Democratic vote polled in Lake county.

Unofficial returns place Stratton's vote as exceeding 300,000 over his nearest rival.

Stratton's landslide victory is regarded as an endorsement of his excellent record in the secretary of state's office. Following the big vote for the former secretary of state Tuesday press notices indicated that in the near future Stratton "may take the lead in the Republican recovery in Illinois."

In the incomplete checkup, Stratton drew 227,392 out of Cook county and 187,745 from the downstate precincts.

Carl M. Anderson, Stratton's nearest opponent received only 59,953 votes.

Lyons topped the G. O. P. vote for representative with 36,564; with Rep. William M. Carroll second with 23,327, nearly 13,000 ahead of Sheriff Tiffany, and 17,000 more than Keller. Tom Bolger, Democratic representative, was renominated, according to unofficial returns.

## Improve Rt. 173 West of Antioch

Work was begun this week to render Route 173 safer for motorists by laying gutters along the sides on the grades and curves between Antioch and a short distance west of the Fox River. About twenty workmen are being employed by the Groves Construction Co. Libertyville contractors, on two half-day shifts. It is expected that the work will be completed within a month.

## IS OUR COUNTRY A CRIMINAL GARBAGE CAN

By J. D. Boren in Sheriff's Association of Texas Magazine

Sometimes we sit and listen intently to the burning eloquence of famous statesmen as they review the historical background of our dear country. We, in retrospection, drift back down the lands of memory to the old pilgrims at Plymouth Rock; we think of the motive and purpose that caused them to forsake their homes across the sea to come to a strange and uncivilized country, filled with wild beast and Indians. The law was simple, just, and quickly and accurately executed. These forefathers of ours evidently wanted freedom, liberty and justice, and they got it. It cost suffering, hardships, trials and finally the sacrifice of many lives to establish a land of the free and a home of the brave. The thoughts of the spirit of the rugged pioneers and their courage to carry on, thrill us through and through and we are proud to be their posterity. What a glorious heritage, what an achievement! Women being looked upon as the weaker of the sex, were protected and respected by men everywhere, and he who would commit an outrage upon a woman was soon found swinging from an old oak tree. In fact, upon the slightest provocation, some one would receive inspiration to rally to the protection of a fair damsel. But while we are being carried away with the graphic pictures of life's great drama of early American history, we are awakened by the sudden rat-a-tat-tat of the gangster's machine gun, the scream of a dying woman, the siren of an ambulance and police cars. Horrified and weak from the shock we aimlessly drift from the crowd in an attempt to forget our terrible experience. Such a scene would have filled all the columns of an "extra" years ago, but has become so common now that it is just another news item, and scarcely attracts as much attention as a story of a man biting a dog.

Mr. Feather of Cleveland, Ohio, a town noted for its good behavior, remarked recently that "Criminal justice is one of the foulest plagues of modern city life. The courts are run for the convenience of the legal fraternity and witnesses are ordered around like cattle," said Mr. Feather. Mr. Feather as foreman of the Grand Jury no doubt was responsible for having in its report the following: "It seems to the grand jury that whenever the protected thieves and gunmen fall into the hands of the police, everybody begins to worry—political influence is evidenced all down the line. Twenty ways of escaping punishment for the commission of a felony have come to our attention and all are known to the crooks and their lawyers, but are not known to the great mass of ordinary folk, who never fall into the hands of the police unless perchance they park their cars in the wrong place."

I wish to quote verbatim part of an editorial from the San Antonio Light, quoting from the grand jury report: "The successful crooks can ruin the successful prosecution of shootings, stickups, and bombing by perjured alibis, intimidation of witnesses, technicalities and court delays. Delay is the kingpin of defense strategy. Given three continuances, any crook has a better than 50-50 chance to escape conviction in this or any other community. William Feather's grand jury prescribed the cure on page 36 of their printed report: The reforms that are needed can be accomplished by the people at the polls. At the voting booths they can eliminate the officials who are responsible for crime conditions."

I agree, in this connection with the San Antonio Light, that Mr. Feather's grand jury is right, and that the place to begin this reform is with the Legislatures. "Where (quoting from the Light) slyster lawyers abound and where all abuses of justice have had their origin in racketeering legislation framed to abet the lawyers' racket and to victimize the public whom the legislatures are elected to serve. The people will have to reform the administration of criminal justice."

And let the people begin now in every county: Let there be a campaign to clean up the legislatures unless the legislatures immediately clean up the courts.

I think the San Antonio Light rendered a great service in its editorial entitled "Criminal justice as administered in America" and they are to be congratulated for the frank and open declaration of such truths. Newspapers of the state of Texas and elsewhere, can render, a service badly needed, that nothing else can render, by doing two things: First, refrain from "tipping the criminal off" that peace officers of a certain locality are expecting, or looking for certain criminals in a certain

locality; and second, by writing more such editorials as the one referred to in the San Antonio Light.

The need of these two things is plain. Many times, newspapers come out with glaring headlines, exposing all the plans of peace officers intending to be used in the apprehension of a criminal. All a gangster has to do in order to know how to evade the law is just spend a nickel for a newspaper and see what the law's plan is, and where they are looking for him, and then just stay away from their trap—very simple. Now what I want to know is: are the newspapers more concerned about the apprehension of criminals, the protection of life and property, or, are they more concerned about news? Shall we have these splendid editorials or shall we continue to have a number of papers scattered around over the country so thirsty for news that they will continue to give the gangster all the advantage of the law by keeping him informed as to every move the law makes? Of course such papers would be the first to turn around and criticize the law for not catching the criminal whom they had just told "to scoot, that the law was looking for him there, and that he had better change locations." This happened with a certain newspaper published in the city of Austin a few days ago.

When people refuse to sign complaints, testify on the witness stand, serve on juries, brand their livestock, keep a memorandum of their car numbers, report crimes or law violations (because they are afraid to get mixed up in it) etc., how can the law be enforced? The public instead of leaving it all to the peace officer should awake to their own responsibilities and back up the worthy peace officer to the limit, and if he is not worthy—get rid of him and get one who is worthy.

When people who call themselves citizens, sit around on a cracker box and cuss the law, and then go home and write him an evasive anonymous letter signed "some voters"; get scared on witness stand, if you get them there; change their testimony, etc., there is no wonder that there were 12,000 murders in United States last year. In addition to these murders there were three thousand kidnappings and 50,000 robberies. According to another one of these editorials in the San Antonio Light, figures assembled by the National Crime commission and checked against reports of the department of justice and of one of the large insurance companies—show that the United States has each year: 12,000 murders; 3,000 kidnappings; 50,000 robberies; 5,000 cases of arson; 100,000 assaults and 40,000 burglaries. And furthermore, there is the cost of crime such as mentioned here, which runs as follows: Prevention or punishment of crime, upkeep of jails and prisons, loss of property by fraud or arson, thirteen thousand million dollars. 2. Illicit traffic in narcotics, two thousand million dollars. Just think of a total annual bill of fifteen thousand million dollars, five times as much as it cost to build the Panama Canal with all of its accessories. Three times as much as the costs of our public school system in every village, town and city in the land. It is unbelievable but true. It makes it look as though the greatest nation in the world had become a garbage can of criminals. There are many ways this crime wave can be checked, but it will require sound and logical thinking and unified efforts.

There must be a change in our system. People must be made to respect our laws. Trials must not be dragged to death in the court; there must be speed, action and firmness. We must get back to: "Thou shalt not kill," "Thou shalt not steal," and get away from: "Thou shalt not kill unless temporarily insane, in the heat of passion," etc., etc. It should be a question of guilty or not guilty. Unless this and that, should at least do no more than to mitigate the punishment. This "unless" business is rotten bologna—it is garbage!

Politics! Politics must be removed from among the law enforcing agencies! We must do what we do in spite of politics, rather than because of politics. Practically every agency of law is, in one way or another influenced and affected by politics. This should not be. Why should a judge take into consideration the political effect, before making a ruling? Why should the peace officer, before making an arrest? In fact, why should the Grand Jury? Prosecuting attorney? Anybody? But so long as men hold office by popular vote, and that for such short terms as now prevail, politics will continue to influence the movements of law enforcing agencies. It might be a great step forward if Trial Judges were serving for life—subject to removal from office on the grounds of incompetency, malfeasance, or misconduct, and the could and would rule according to the law and evidence. At least they would be free from political fear. I think Sheriffs and in fact all major officers should be elected to at least four instead of two years. The whole trouble is: we are operating under modern conditions with out-cast methods! We must awake out of our sleep, shake off the old antiques and grapple with modern conditions in a modern way.

## MODERN HIGH-SPEED PASSENGER COACHES MAY RUN ON SOO LINE

### Ry. Officials Give Thought to Better Service for Lakes Region

Modern high-speed stream-lined passenger coaches may be seen in operation over the Soo railroad lines in the long long distant future if plans now in contemplation come to realization. It was disclosed recently by H. M. Lewis, general passenger agent of the Soo.

The suggestion that the railroad officials are maturing plans whereby the rail line will be made to compete with privately owned automobiles and other forms of transportation, was contained in a letter addressed to C. K. Anderson, president of the First National Bank of Antioch.

Seeks Advice on Schedule. "We have been giving considerable thought to increased train service in your territory and it may be that we can see our way clear to adopt such a program as you suggest," wrote Mr. Lewis. "Will you please say what would be your idea of a schedule in and out of Chicago," the letter continued.

Mr. Anderson directed attention of rail officials to the inadequate passenger schedule as now maintained by the Soo line, and stated, too, that almost all persons in this locality who have business in the city either drive their own cars or go to Waukegan, Libertyville, or Grayslake, which towns have better train service to Chicago's loop. Practically all of these travelers would be patrons of the Soo Line if a satisfactory schedule were adopted, Anderson contends.

Not only would a rapid transit system to and from the region prove a saving in actual traveling time, but it would eliminate the delays due to traffic congestion and do away with the inconvenience of parking cars, which is a real problem for those who wish to land in the vicinity of the loop.

Offers Co-operation. In a subsequent letter forwarded to the general passenger agent of the Soo, Anderson suggested that a conference be held with the various towns and villages along the line for

the purpose of assisting officials in working out a satisfactory schedule, and in this the local banker has volunteered to co-operate by calling such a meeting of representatives of villages around Antioch. "It would help if we could get some information as to when this service would be put into effect," Anderson told the general passenger agent. A great convenience to those who travel frequently to and from the city is seen in the adoption of this modern transportation method, which undoubtedly would prove popular with the public and profitable to the operators. Then, too, easy and rapid passenger service would prove a boon to the entire lake region by bringing the city nearer, in point of time at least, to this great recreational area.

YOUR CHILD AND THE SCHOOL

By Dr. ALLEN G. IRELAND  
Director, Physical and Health Education  
New Jersey State Department of Public Instruction

Summer Vacation

Summer means vacation from school, but not a vacation from parental vigilance. When one type of strain ceases, another begins. Worry over school marks ends, but outdoor activity may suddenly become too strenuous, especially in hot weather.

Frequent rest periods are essential for the young child. Indeed, rest during the day may counteract the restlessness of hot nights.

Bathing takes on new importance. The daily bath is not only health insurance, but a very definite aid to comfort. Sunbathing is no longer a fad. But insist that the first tan be acquired gradually.

Severe sunburn can be serious, and long periods of exposure may lead to sunstroke.

Talk quietly to the child about these dangers, with a view to winning his cooperation. Insistence and punishment often lead to rebellion. Remember that the food requirements are not changed.

Instead, if there is increased activity, larger amounts may be needed. Give the child all you can of the new green vegetables; keep up the full supply of milk; and don't forget the fruits. Though you may lose your appetite in hot weather, the child is usually active. He needs his regular balanced diet.

Dr. Ireland will tell how to choose suitable summer camps next week.

#### CHRISTIAN SCIENCE CHURCHES

"Unreality" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, April 8.

The Golden Text was, "The thoughts of the righteous are right; but the counsels of the wicked are deceit" (Proverbs 12:5).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And God spoke all these words, saying, I am the Lord thy God, which have brought thee out of the land of Egypt, out of the house of bondage. Thou shalt have no other gods before me. Ye shall not make with me gods of silver, neither shall ye make unto you gods of gold" (Exodus 20:1-3, 23).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "If what opposes God is real, there must be two powers, and God is not supreme and infinite. Can Deity be absent? If another mighty and self-existent cause exists, and sways mankind? Has the Father 'Life in Himself,' as the Scriptures say, and if so, can Life, or God, dwell in evil and create life?" (p. 337).

#### M. E. CHURCH NOTES

Someone recently said that the home is the first place where religion should be shown. Outside appearances may seem religious but the acid test comes in the everyday life at home.

Christian training in the home is as essential as a general education. Keep the flame of religious interest burning brightly and the moral tone of our nation will be greatly improved.

Mr. and Mrs. A. W. Bock, Mr. and Mrs. Herman Bock, and Mr. and Mrs. Will Barnstable of Chetek, Wis., returned to Antioch after spending the winter in Roseland, Florida.

### Golden Wedding Event Recalls Old Romance

Mr. and Mrs. Norman Mattax, 4825 Pensacola avenue, Chicago, will celebrate their golden wedding anniversary Friday evening, April 13th, at Wilson Park Fieldhouse, Leland and Milwaukee avenues.

Although living in Chicago, Mr. and Mrs. Mattax have a host of friends in Antioch. Among the Antioch guests invited to the celebration are M. M. Burke, who was their best man, Mr. and Mrs. Ben Burke, Mr. and Mrs. Lewis Burke, Mr. and Mrs. Alonzo Runyard, Mr. and Mrs. Elmer Rohlner, Mr. and Mrs. Arthur Haley, Mr. Crum Blunt, Mr. and Mrs. Sheridan Burnelle and family and Mrs. Rena Clark.

An old-fashioned spelling bee, at a little country school, known as the Grant school, near Hainesville, where Mr. Mattax was schoolmaster, was the setting for the romance which culminated in their wedding fifty years ago.

Mrs. Mattax was born Nellie Richards, May 11, 1866, at East Fox Lake. Of her four sisters and two brothers she is the only one surviving. Mr. Mattax was born December 25, 1859 at Hainesville. They have one daughter, Mrs. Harry Thompson, one grandson, Norman Thompson, and one great granddaughter, Norma Ilose Thompson, all of Chicago.

### Fine Historical Pictures Displayed at Woman's Club

A fine collection of pictures by J. G. L. Ferris on historical subjects ranging from 1620 to 1865 were displayed by Frank L. Ford of Waukegan at the open Woman's Club meeting held at the high school Monday night, April 2.

Mr. Ford, in his lecture on the set of fifty-five pictures which were exceptionally realistic and beautifully colored, pointed out that they had hung originally in Independence Hall, but for the past two years have been the property of the Smithsonian Institute in Washington, D. C.

Julian Stripe, Waukegan tenor, sang "The Trumpeter," "Little Mother of Mine," and an Irish air, and the high school orchestra, under the direction of Hans von Holwede, presented a half hour musical entertainment.

The next meeting of the Woman's Club will be held at the home of Mrs. W. R. Williams Monday, April 16. Book reviews will be given by Mrs. W. W. Warriner, Mrs. W. R. Cartano, and Mrs. William Anderson.

### RECEPTION IS GIVEN REV. AND MRS. CHARLES

A reception in honor of Rev. and Mrs. James Edwin Charles, new pastor of the St. Ignatius Episcopal church, was held by the Ladies' Guild at the Guild Hall last night. A hot luck dinner was served followed by a brief program.

The speech of welcome given by E. Morley Webb was answered by Rev. Charles. Miss Coraella Roberts gave a reading, "St. Peter at the Gate," and Billy Andersen played an accordion solo. Following the program 160 was played.

### Antioch Merchant to Be Wed Thursday

Mr. and Mrs. Joseph Panowski and daughter, Gladys, were Waukegan visitors Saturday.

George Randall underwent an operation on his spine at the Edward Hines Memorial Hospital in Chicago Tuesday.

Mr. and Mrs. Hanaford Shopard and son, Eugene, of Woodstock, were dinner guests at the Gaston home Sunday.

### IF BANK DEPOSITORS

### Did the Lending

There is a great deal of newspaper criticism of bankers today for not lending more freely—money which belongs largely to their depositors.

Suppose the banker should say to his depositors, "I am tired of being criticized. You decide for yourselves to whom your money shall be loaned—how much of it, and for how long!" Would the depositors be more liberal—or would they be even more cautious than good bankers are today?

Every banker wants all the good, safe loans he can get—but he will not accept any which do not measure up to his standards of safety. Protection of his depositors' interests comes first, always.

## Primary Election Notes

Declaring the Republican winner for Antioch precinct No. 1 became a task for the election board here Tuesday night when the final decision centered about the legality of two votes. In the original count James Hanrahan received 80 votes and C. K. Anderson 79. On the re-check two ballots intended for Hanrahan were contested for the reason that Hanrahan's name, although printed on the ballot, had been written in. Advice from the county seat was to the effect that ballots so marked were illegal and the board threw them out. This left Hanrahan with 78 votes and Anderson was declared winner with 79.

"Now I know how many friends I have," remarked a candidate who fell short of winning a committeeman post.

Rumors that a recount may be asked by Frank Opeka who was Rep. Bolger's chief opponent in Tuesday's Democratic primary, on the grounds that the minority election rule entitling the candidate to three votes instead of one was ignored in many precincts.

Really close contests were few. One of the close ones was the contest for the Democratic nomination for county judge between A. O. McHenry and Phillip McKenna. Unofficial returns give McKenna about 70 lead.

The youngest candidate in all Lake county on either ticket was none other than Charles Cermak, Jr., success in landing the Democratic committeeman job in Antioch was. The youngster proved to be an energetic campaigner, winning over two older and more experienced men.

Reports are being circulated that Elmer Soronson, Democratic committeeman re-elected Tuesday in Antioch No. 1, is in line for the county chairmanship. If the local man receives this honor it may be that he will be able to bring harmony to the party and enhance the chances of the Jeffersonians for success in November.

## LEGION DANCE IS SUCCESS; WORK IS OFFERED TO VETS

The second annual dinner dance sponsored by the members of the American Legion at Pasadena Gardens last Thursday evening was attended by nearly two hundred persons.

Music was provided by Monty Hinton and his five-piece orchestra from Allendale. Dinner was served starting at eight o'clock, followed by dancing.

About eighty dollars were realized for the Legion fund, according to George Garland. The fund is used to assist veterans in need of aid.

Serving on the committee were Otto S. Klass, Frank Kriska, Nick Needleroff, Tom Sullivan, Dr. L. J. Zimmerman, John Heran, Clarence Shultz, Charles McCorkle, W. Rosenstock, and William Hallwas.

**Call to Vets**  
Any veterans unemployed who wish to secure work on the Forestation Corps are requested to put in an application with Dr. L. John Zimmerman. The number to be sent has not been limited.

## AMUSEMENTS

### All Colored Bill to Visit Genesee

Dusky Stars of Showdom Are Coming Saturday, April 14th

For the first time this season a theatrical company comprised entirely of colored persons is coming to the Genesee Theatre in Waukegan. The Revue will be here for one day only, Saturday, April 14th.

The roster of the company reads like a page from the Blue Book of

colored stagedom. Radio stars, singers and musicians, dancers of nationwide fame, talent with unusual offerings, a fast moving and sprightly chorus, and novelties, even new to the show world, make up the bill.

### Genesee Theatre Announces Price Cut

A new every day bargain admission price schedule has been announced by Manager John Mitchell of the Genesee Theatre. The new admission prices will go into effect Sunday, April 15th. Matinee admission from 1:00 to 6:00 P. M. has been reduced to 25c; admission after 6:00 P. M. will be 25c for all balcony seats and 35c for all main floor seats. Children's admission will remain at 10c at all times, including Sunday.

Mitchell feels that these new prices will prove popular with the old patrons and make many new ones. This is the first time that first run pictures have been offered in a deluxe theatre in Waukegan at such low prices.

Making Of Gelatine  
Interesting Process**

A report of the recent trip made by members of the Foods class of the Antioch Township High School follows:

**OUR TRIP TO THE GRAYSLAKE  
GELATINE FACTORY**  
(by Andrea Dalgard)

Our trip to the gelatine factory was a very interesting and educational one. I learned many things about gelatine that I never knew before.

The Grayslake gelatine is made from frozen pig bladders. They are taken from the pig and later are frozen. They are stamped with the United States Inspection Stamp. These skins are edible. The tanks in which the skins are cooked are of solid aluminum or nickel. The gelatine is drawn through pipes and comes out in the form of a yellow liquid. The hot liquid goes across to another room and there it is run through coils and is cooled to 90 degrees Centigrade. It is now run on to a long rubber belt which has on it a blade that cuts the cooled gelatine into oblong pieces.

The next process is the drying. The gelatine cannot be dried by heat because it would melt, so it is cooled and dried by a very cool breeze. Next it is taken to a very hot room where it is dried further. When it comes from this second room it has lost 90 per cent of its moisture and is very stiff and brittle, resembling Isinglass. Next these sheets are ground into a very fine powder and then the ground gelatine is packed in various kinds of containers.

During this entire process, the gelatine is never touched by hand.

**BASEBALL SCHEDULE  
FOR H. S. RELEASED****Prospects Are Good; De-  
feat Wauconda in Prac-  
tice Game, 8-3**

The spring baseball schedule for high schools in the Northwest Conference was received yesterday. Several of the dates have not been set definitely, because of the uncertainty of spring weather conditions. Seven schools are competing this year, including Antioch which has not sponsored a baseball team in the conference for several years. Each team will play eight games this season.

The schedule, as outlined at present, follows:

April 26 or 21—  
Antioch at Warren  
Arlington at Leyden  
Barrington at Elia  
April 24—Elia at Wauconda.  
April 27 or 28—  
Wauconda at Antioch  
Leyden at Barrington  
Warren at Arlington.  
May 1—Antioch at Elia.  
May 4 or 5—  
Barrington at Antioch  
Wauconda at Leyden.  
May 8, Tuesday—  
Arlington at Barrington  
Warren at Wauconda.  
May 11 or 12—  
Leyden at Warren  
Elia at Arlington.  
May 15—  
Warren at Antioch  
Leyden at Wauconda  
Elia at Barrington.  
May 18 or 19—  
Antioch at Wauconda  
Arlington at Warren  
Barrington at Leyden.  
May 22, Tuesday—  
Leyden at Arlington  
Wauconda at Elia.  
May 25—  
Antioch at Barrington  
Arlington at Elia  
Warren at Leyden.  
May 29, or June 1 or 2—  
Elia at Antioch  
Barrington at Arlington  
Wauconda at Warren.  
Antioch's Prospects Good

The Antioch sluggers defeated Wauconda here Tuesday afternoon in a practice game of five innings by a 8-3 score. According to Roger Dardenne, who coached the game, Antioch shows promise of developing some real players in the preseason practices.

Although the pitching staff at present is weak, several unexpectedly good hitters have been discovered, according to Coach Thomas Cox. He hopes to develop some latent pitch-

ing talent within the next few weeks.

Boys Enthusiastic  
Practice calls have met with enthusiastic response from the boys, with the result that several are in line for every position. Although no definite standings on the first team have been assigned, Coach Cox has submitted the following prospects for places in the line-up:

Pitchers: Hills, Madson, Miller, Hughes.  
Catchers: Bishop, Whitte, Shcen, Truex.

First base: Steffenberg.  
Second base: Christensen, Simpson.

Third base: Wells, Miller.  
Shortstop: Schneider, Kubs.  
Fielders: Crandall, Gallger, Thill, Hawkins, Dalgard, Reuter, Orobill, Partridge, Nielson, Hanke, Brown, and Griffin.

Full Practice Schedule.  
In addition to the practice game played with Wauconda Tuesday, another was played at Wauconda last night. The Union Free High School team from Wilmet will come here this afternoon for a practice game, and Antioch will play a return game with Wauconda at Wauconda Friday afternoon.

**H. S. Girls Visit  
Meat Packing House**

A report of a recent trip made by the girls of the Foods class of the high school follows:

We, the Foods Class of the Antioch Township High School, started to study meats shortly after the beginning of the second semester. We took up the study of meats in detail from our text books and all the other reference books we had. On Friday, March 23, we visited the packing house, where we saw some demonstrations on the cuts of meats.

When we reached the packing house, Mr. Patrovski gave us some very interesting demonstrations. He showed us the different cuts of meat. He cut up a half of a dressed pig into the feet; ham; head, which he cut into the snout, the ears, and the jaw; or Dixie bacon; the shoulder, which he cut into the Boston butt and the picnic ham; fat back; loin or chops; and spareribs. The breast, shank, ribs, chops, and hind quarter were the parts of the veal that he cut up for us. He then cut up a half of a lamb into the legs, back, shoulder roast, chops, and brisket. He cut the beef into the shank, the ribs, the shoulder, the chuck, the flank, the loin, rump, and round.

We then saw the smoking chamber. It is a round, cylindrical chamber, about fifteen feet high, and about six feet in diameter. A hickory wood fire is built on the bottom of it, and the meat is suspended near the top and smoked from 20 to 30 hours.

The sausage casings are of different sizes according to the size of the animal from which they come. The intestines of the beef are the largest casings. The next in size are the pork, the mutton, the veal, and the lamb. There are also patent casings made of a material similar to cellophane.

This trip was a very educational and interesting one to us girls of the foods class, and every one of us felt that Mr. Patrovski is a very efficient and congenial business man.

BERNICE ELEDER.

**SENIORS COLLECT  
STAGE PROPERTIES  
FOR SPRING PLAY**

Various committee members for the Senior play, "Once in a Lifetime," to be presented April 27 and 28, are busy this week collecting stage properties and costumes for the play. Antiques are in demand, as well as gas pumps. The interesting report submitted by the Publicity committee lists antiques from the Fiji Islands and refreshment stand chairs from Channel Lake among the properties.

This diverse collection suggests a play of intricate staging and a hint of mystery, for the changes from a mythical city scene to one including modern gas stations.

Graduation photographs of the Seniors were taken Tuesday.

Eleven high school girls, accompanied by Miss Cornelia Roberts and Mrs. Roger Dardenne, will attend the Girls' Conference of the Suburban Deans' Association at Highland Park Saturday. Miss Maria Leonard will be the principal speaker.

Two new pupils enrolled at the Antioch Grade School this week. They are Shirley Nelson, third grade, and Helen, first grade, daughters of Mr. and Mrs. Oliver Nelson.

**TREVOR FIRE  
IS EXTINGUISHED****Geo. Schumacher Returns  
from North; Mrs. Run-  
yard Goes to N. Y.**

A fire which threatened our little town on Monday forenoon, was started by a party who was cleaning his yard. The fire got the start of him and ran into a stack of mulching belonging to Pete Schumacher. On account of a high wind and the nearness to a garage, henhouse and barn, the Silver Lake fire department was called and in a short time had it under control.

George Schumacher returned home Sunday after spending the past several months employed in the forestation work in northern central part of the state.

Mrs. Nellie Runyard was called to Gowanda, New York, on Saturday last by the serious illness of her brother, Robert Dorcy, who passed away on Monday. She returned home Saturday.

Mrs. Jessie Allen transacted business in Kenosha Tuesday.

Mr. and Mrs. George Faulkner called on Mr. and Mrs. Ira Brown Tuesday.

Mrs. Luanah Patrick, Mrs. Harry Gilbert and Miss Sarah Patrick accompanied Mrs. Byron Patrick of Salem to Kenosha Thursday.

Robert Wilton made a business trip to Kenosha Tuesday.

Mrs. Jacob Drom and daughter, Edna, Antioch, called on the Patrick sisters Friday.

Mrs. Fred Forster and Mrs. Joseph Smith were Burlington visitors Friday.

The teachers, Miss Doris Krueckman and Miss Carlotta Foulke, attended a teachers' meeting in Kenosha Saturday.

Remember the picture show at Social Center Hall on Friday evening, April 13, at 8 o'clock, put on by Supt. Ihlenfeldt. Admission 15 cents.

The Liberty Cemetery Association will hold their annual business meeting at Social Center hall on Saturday, April 28, at 2 o'clock. All lot owners are requested to be present.

Mrs. Arthur Bushing entertained the Salem Pricillias on Thursday afternoon. Thirty-nine ladies were present. A pleasant time was enjoyed and a fine lunch served.

Sunday callers on the Patrick families were Mr. and Mrs. George Faulkner, Wilmet; Mrs. William Krueckman, Burlington; Mrs. Byron Patrick, Salem, and Miss Flora Orvis, Pleasant Prairie.

Mr. and Mrs. Bildt, Kenosha, were Sunday visitors at the William Schilling home.

Mrs. Charles Oetting called on her mother, Mrs. Frank Lasco, Powers Lake, on Monday.

Charles Curtis, Kenosha, called on friends here Monday.

Mrs. John Rompesky entertained her sister, Mrs. Sophia Schubert, and her daughter, Mrs. Spencer, Chicago, the past week. On Saturday they left for Spencer, Michigan, where they will make their future home.

Frank Kavanaugh, Chicago, spent the week-end with his sister, Mrs. Richard Moran.

John Holmes, Chicago, spent the week-end with his cousins, Russell and Bernice Longman.

Mr. and Mrs. McNeely, son, Kenneth, and Carl Martens and sister, Marguerite Martens, Forest Park, visited Elbert Kennedy Sunday.

Miss Sarah Patrick attended church services with her niece, Mrs. Byron Patrick and sons at the Salem Methodist church.

Mr. and Mrs. Herman Oetting, son, Herman, Jr., son and wife, Mr. and Mrs. George Oetting and son, and aunt, Mary Bushing and family called on the latter's son, Arthur Bushing and family, and also called at the Charles Oetting home on Saturday.

Elbert Kennedy was a Sunday dinner guest at the home of his daughter, Mrs. R. C. Sholliff, Wilmet.

Miss Adeline Oetting, River Forest, spent Sunday with her parents, Mr. and Mrs. Charley Oetting.

Sunday callers at the Joseph Smith home were Mr. and Mrs. A. J. Baethke, Mr. and Mrs. Edgar Baethke, Forest Park, and son and wife, Mr. and Mrs. Walter Baethke, Antioch.

Mr. and Mrs. Arthur Bushing entertained at dinner Sunday in honor of her father's birthday. Mr. and Mrs. Spencer, Cull, Mr. and Mrs. Fred Stephens and daughter, and grandson, Kenneth Brown, Salem.

Olo Beckgaard, Racine, called at the Klaus Mark and Charley Oetting homes, Saturday.

Mr. and Mrs. Fred Forster attended

ed funeral services for Edwin Renner at the Methodist church, Antioch, Tuesday afternoon.

Mr. Bannister, Geneva City, called at the Charles Oetting home Tuesday.

**STARTENA DOES THE JOB!**

ACTUAL RECORDS last year on 925,427 chicks fed STARTENA, show that 93 per cent of them lived. At six weeks of age, the light breeds averaged 17.4 ounces per chick; the heavy breeds 19.2 ounces per chick. No wonder there's a big swing to PURINA STARTENA this year. Feed it and get the kind of chicks you want at six weeks. It only takes two pounds per chick to do the job.

## MODERN GIRL AIMS FOR NATURALNESS WITH COSMETICS

### Artificial Aids to Beauty Used Since the Dawn of History

They call her an "old-fashioned girl" if her freckles show and her hair is still its natural color, and "modern" if her countenance resembles the dining room wall paper the day after Junior got those water-closets for his fourth birthday.

But they have it all twisted. The art of gilding the lily goes back to the dawn of history; and probably much farther, for civilization has no monopoly on personal decoration. The fact is that the more primitive a race the more it goes in for fixing itself up. The truly modern girl is the one who can use make-up so it appears natural, or who can dispense with it altogether and still appear presentable.

The first reliable record as to the use of cosmetics dates back to the first Egyptian dynasty, between five and six thousand years ago. They no doubt "made up" before then, but at that time they started burying the ladies with all of their war paint; on the theory, no doubt, that they might possibly want to vamp someone in the next world.

The Bible records that Jewish women also used cosmetics. Jezebel is said to have "painted her face" and another passage says, "Thou didst wash thyself, paintedst thine eyes, and deckedst thyself with ornaments."

Egyptians also used rouge, a depilatory, barley flour and butter for pimples, and pumice stone for whitening the teeth. White lead and chalk were used for whitening the skin. The hair was bleached, and women used henna for staining the hands and feet, as they still do in Egypt.

English ladies at the time of Queen Elizabeth would take hot baths to induce perspiration, and would then wash the face in oil to give a ruddy complexion. Mary, Queen of Scots is said to have introduced the expensive beauty aid of bathing in wine, but the poorer ladies used milk.

In early American life powdered chalk and fresh-cut beet-root were the usual powder and rouge, and the juices of roses and other flowers were used to dye the cheeks. There are now over a thousand brands of face powder alone registered in the United States. In 1866 Henry Tallow first used oxide of zinc as a base for face powder, and this is still used in nearly all formulas.

Cosmetics got their real start in the United States during the war, and in a few years girls were making their toilets in public unabashed.

### Use of Potash Will Keep Drains Open

If sinks and drains are kept in proper condition and treated right there is very seldom any need for the mess, worry and expense of getting them unstopped. First of all, all the grease should be wiped from dishes before they are washed in the sink. After washing the dishes each time the sink and drain should be washed out with hot soapy water, then rinsed with cold water. And once a month or perhaps more often if the drain is sluggish, a strong solution of potash (lye) should be poured down it. This solution will make soft soap of the grease which is gradually stopping the drain.

The proper way to put in the potash is to mix one can with two quarts of cold water. Warm the pipes by pouring through boiling water. Then pour in the potash solution. Let that stand for half an hour and then pour boiling water down the drain and rinse well. Keep the potash solution off the hands and away from finished wood work. Also don't inhale the fumes.

### Keeping Vegetables Fresh

Green vegetables, including perishes, such as lettuce and celery, can be kept fresh for days if after careful washing they are put in an airtight container and set in the cooler or icebox. People who have traveled in warm climates say perishes stored while moist in a jar can or similar container wrapped in wet muslin and set in a shady spot gives equally good results. In the latter case evaporation does the trick.

## Did You Ever Try These Recipes? Do, Please

### Devil's Food Cake

1/3 cup cocoa, 1/2 cup boiling water. Add cocoa to water and let cool. 2/3 cup butter. 1 1/3 cups brown sugar. 2 eggs. 1/2 cup thick sour milk. 1 teaspoon soda. 2 cups flour. Flavoring. Cream butter and sugar, add the eggs, sour milk and cocoa mixture, add flour and soda and flavoring. Mix thoroughly.

### Banana Frosting

2 cups confectionery sugar. 1 banana. 1 teaspoon lemon juice. Sift the sugar, add banana pulp (banana finely mashed with a fork) and lemon juice. Beat well, color if desired with vegetable coloring and use as frosting for layer or cup cakes. This is particularly good garnished with halved English walnuts. Another successful garnish can be made by using cherries and alternating them with nuts.

### Fruit Salad Dressing

Yolks of 2 eggs. 1 tablespoon cornstarch. 1 cup of peach and pineapple juice, blended. Juice and grated rind of 1 lemon. 1 tablespoon butter. Sugar if needed. Moisten the cornstarch with a little of the fruit juice, gradually adding the remainder, combine with the beaten egg yolks, lemon juice and rind, butter and sugar if used, and cook over hot water (double boiler) until thickened. Chill before using.

### Meatless Rice Soup

1 cup rice. 3 plate water. 1 pint rich milk. 4 tablespoons butter. 2 tablespoons flour. 1 small onion. 1 sweet pepper. 1 teaspoon minced parsley. 1 teaspoon Worcestershire sauce. Salt, cayenne, a little nutmeg. Wash rice through several waters, slice onion and the pepper and put both to cook, covering with cold water, which bring to the boil, until rice is very soft. Force it through a sieve with the liquid. Mix butter and flour, add to rice puree with milk and seasoning. Cook five minutes, add the parsley, and serve with grated cheese.

### Oatmeal Cookies

2 cups uncooked rolled oats. 2 cups flour. 1 1/2 cups brown sugar. 1/2 cup hot water. 1 cup butter or any preferred shortening. 1/2 teaspoon salt. 1/2 teaspoon soda. Rub shortening into the well mixed oats and flour after creaming sugar with shortening. Salt should be sifted with the flour. Dissolve soda in the hot water and stir in gradually. If necessary add more flour. Roll thin and bake in quick oven.

### Bran Health Cookies

1 cup shortening. 2 cups brown sugar. 2 eggs. 2 cups flour. 1 teaspoon soda. 1/2 teaspoon salt. 1/2 cup cocoa. 2 cups bran. 1 teaspoon vanilla. Cream the shortening and sugar thoroughly. Add the eggs and beat well. Sift three times the flour, salt, cocoa and soda and add with the bran and vanilla to the first mixture. Shape in a long roll. Chill in the refrigerator at least 2 hours, then slice as thinly as possible and bake.

### German Salad

Slice new green onions with tender red radishes, season and serve at once with thick sour cream.

### Asparagus Salad

Cut tips, fresh boiled or canned, to 2 1/2 inch lengths. Heat canned tips. Drain; while hot, sprinkle with French dressing. Cover and set to chill. When ready to serve, drain and lay on heart leaves of lettuce, heads one way. At the side of each portion put a spoonful of thick mayonnaise made with lemon juice instead of vinegar.

Oatmeal on a dampened cloth will clean white paint.

## Paint Brushes Will Last Several Years if Paint Is Not Dried on

When most folks have a little painting to do around the house, shop or barn, they buy a new brush. But after the first time it is used it is seldom of any use to them again because they allow the paint to dry on it.

If you get a good brush and want to get a lot of use out of it never allow the paint to dry on it. When over you have to stop painting for half an hour or more place the brush in raw linseed oil. Then when you go back to use it all you have to do is to wipe as much of the oil off as possible, then mix what is left on it with the paint by dipping the brush in the paint and wiping it off against the side of the container. When finished for the day put it back in the oil.

Brushes may be kept in good condition for several years if they are suspended in raw linseed oil in closed containers. If this is done properly even the fresh paint in the brush need not be removed before it is stored. However, if you have been using any of the flat finish paints and are to use the brush again in the near future put them in kerosene instead of linseed oil. Even keeping paint brushes in water is far better than letting the paint dry on them.

### Romance Everywhere

One constantly hears that "the romance of discovery is dead." But nothing could be farther from the truth. Only the other day a school girl recognized a stone lying under a hedge near Maidstone as a fine Stone Age ax. Astronomers constantly discover new worlds, while untapped realms of spiritual experience wait for all to explore. —London Mail

## OUR CHILD AND THE SCHOOL

By Dr. ALLEN G. IRELAND  
Director, Physical and Health Education  
New Jersey State Department of Public Instruction

### Caring for the Teeth

An unclean mouth takes the edge off one's appetite. Sore gums and painful teeth naturally curb a desire to eat and encourage bolting.

Observations seem to indicate that we overlook these facts too frequently when dealing with children. A look into a child's mouth would be revealing to many parents.

Proper care of the teeth is a two-fold matter. Teeth ought to be examined regularly by a dentist and his instructions followed. He will tell you that food is the important factor in preventing tooth decay.

The chief foods for teeth are the so-called "protective foods"—milk, fruits and vegetables. Do not deprive a child of any of these if you wish him to have sound, even teeth.

A child should also be taught to care for his own teeth. Brushing the teeth and gums is an important habit, though we do not any longer believe that cleanliness alone will prevent tooth decay. Nevertheless it is as important as washing the face or hands and every child should learn it early in life.

Dental caries, or decay of the teeth, has been called the most prevalent disease in America. It is estimated that 90 to 95 per cent of all children have it. Parents, by proper care, can prevent much of it.

Summer vacation time approaches. Dr. Ireland will discuss its special problems next week.

Try dipping the knife in boiling water before cutting cake or pie.

# Bonds! Bonds! Bonds!

## For Anything, Everything!

### WEALTH DRAWS INTEREST WHILE DODGING TAXATION

Bonded Indebtedness Exceeds Property Values, Legislator Says

By RICHARD J. LYONS  
Representative in the General Assembly,  
8th District, Lake, McHenry  
and Boone Counties, State of  
Illinois

We talk about the crushing taxes upon real estate but do we ever stop to think about the appalling amount of bonds that are a blanket on every parcel of real estate in the County of Cook and State of Illinois? Stop and consider for a minute just what the situation is in our state. Let us take first the county of Cook . . . In that county alone there is over FOUR HUNDRED AND TWENTY-TWO MILLION DOLLARS OF BONDED INDEBTEDNESS . . . BONDS that are a burden and always will be a burden to the taxpayer. . . Then take the State of Illinois which has outstanding over TWO HUNDRED AND SIXTY MILLIONS IN BONDS. COOK COUNTY and the STATE ALONE have nearly three quarters of a billion in bonds outstanding. . . Then take the hundreds of municipalities and the various other subdivisions of government in Illinois plus the outstanding bonds of the 101

counties outside of Cook and you will find that ILLINOIS has well over a BILLION DOLLARS in bonds, bonds that are a mortgage on every piece of property in this state. . . Yet we find those politicians who have not the statesmanship to promulgate a PAY AS YOU GO plan still crying MORE BONDS! MORE BONDS! The last session of the General Assembly passed another THIRTY MILLION DOLLAR BOND ISSUE—when a pay as you go plan was much better and sounder financing. Yet the hue and cry went up that those legislators who opposed the bonds were against feeding the unemployed by the fact they were helping the people of any additional burden in order that business may get a start and return these men to gainful employment. BANKERS and the WALL STREET financiers are the only people interested in BONDS and probably that is the reason why we have so many of them. The last thirty million dollar bond issue will cost the people of Illinois not THIRTY but FORTY-ONE MILLION DOLLARS interest to LARGE bondholders.

Do you ever stop to consider the tremendous number and kinds of bonds that are a blanket on every parcel of real estate in the state of Illinois? I will list the various kinds for ready reference so that you may imagine how easy it is for a group to get together and determine that it would be BEST to issue bonds—the old cry.

- (1) Water Bonds
  - (2) Power Bonds
  - (3) Harbor Bonds
  - (4) Bridge Bonds
  - (5) Major Highway Bonds
  - (6) City Sewer Bonds
  - (7) School Bonds
  - (8) Park Bonds
  - (9) Playground Bonds
  - (10) Fire Department Bonds
  - (11) Police Department Bonds
  - (12) City Storm Drain Bonds
  - (13) Public Library Bonds
  - (14) Branch Library Bonds
  - (15) Sewage Disposal Bonds
  - (16) Incinerator Plant Bonds
  - (17) Detention Hospital Bonds
- We must consider our local assessment bonds which must be charged to the properties within each improvement district, such as:
- (1) Street Widening Bonds

- (2) Paying Bonds
  - (3) Sewer Bonds
  - (4) Storm Drain Bonds
  - (5) Street Ornamental Lighting Bonds
  - (6) Mosquito Abatement District Bonds
  - (7) Junior College District Bonds
  - (8) Cariboo District Bonds, etc.
- Of course we must not forget the THIRTY BILLION DOLLARS in NATIONAL bonds which are a charge on EVERY parcel of real estate in the state of ILLINOIS.

Under the various legislative acts in the state of Illinois affecting tax-payers we have over a thousand different tax levying agencies including the many incorporated cities. . . PLEASE ask your proud neighbor to repeal again, after reading the foregoing facts, "MY HOME IS FULLY PAID FOR AND UNENCUMBERED." And then advise him that if any one of the above named general bonds is in default of payment on either principal or interest, the Wall Street principal or interest, the federal receiver may ask that a federal receiver be appointed, and to whom you could be MADE TO PAY RENTAL to live in your own FULLY PAID FOR HOME as is being done in several eastern and southern cities at the present time.

The overlapping evil in the City of Chicago has caused some properties to come under as many as six separate special assessment bonds; the person holding what he thinks is a first mortgage on this property has a rude awakening when he finds that it is the SIXTH mortgage. BUT STILL we hear the pre-election wailing of certain brands of politicians and especially from Chicago "VOTE BONDS—IT COSTS YOU NOTHING IN TAXES."

In many cases the bonded debt on our properties is in excess of the total State and National Bonded indebtedness you will find \$1000.00 lots with \$1200.00 to \$1400.00 worth of bonds against them.

Therefore do you not believe that the time has come when the citizens of Illinois should demand a pay-as-you-go plan for our State government? That time is here and let us all work together to this end. Mr. Cuthbert in his timely cartoon shows that it is about ONE BILLION minutes from the time CHRIST was born to the present time and our proud progress has been that we are in debt to the BOND RACKETEERS one dollar or more for every minute since that eventful day, in the state of ILLINOIS over THIRTY TIMES THE NUMBER of minutes since our Saviour was born.

The above argument in opposition to the so-called political type of bond issue is not intended to be in opposition to the sound bond issue, for permanent structures, such as necessary public buildings, roads, schools, etc. But is in opposition to the issuance of bonds for every description of governmental purposes not consistent with the original theory of bond issuance, and that is—permanent structures.

### Bogardus Aid For Veterans In County Starts May First

### Needy Ex-Service Men to Receive Aid from Veterans' Relief Agency

Commencing May 1, relief for the indigent War Veterans will be dispensed through the agency established by law, the Lake County Veterans' Relief Commission, with offices located at 118 N. Genesee St., Waukegan, Ill.

At that time all War Veterans now receiving aid from the Illinois Emergency Relief Commission, will be dropped from their rolls.

Insofar as possible, the actual handling and distribution of relief to merchants will be on the basis of "Township Tax money for Township Taxpayers." This policy will be religiously followed, according to the Superintendent Wm. H. Woodard, who believes that those merchants are entitled to that consideration.

The Superintendent has suggested that all merchants who are not averse to accepting Township Tax Anticipation Warrants hearing six per cent interest, call at his office and fill out a short statement.

Woodard stated that it is important that all Veterans who have been, or will be receiving aid at the time the change takes place, register at his office before May 1st in order to eliminate confusion and delay.

A comprehensive employment record of each man is now being taken, with the hope that as employment increases in industry and other channels, that the opportunity will be provided to recommend men who are well qualified to fill the positions; from the family men who are registered with the commission.

Anyone having employment to offer, either steady or part-time, is invited to call Majestic 1323, stating their requirements.

### ANTIOCH ACES PLAY LAKE GENEVA IN OPENER HERE SUN.

### Second Benefit Dance to Be Given at Pikeville Saturday Night

The Antioch Aces will play Lake Geneva here Sunday afternoon in the opening baseball game of the season, according to the announcement of Manager Bill Gartley, who says he has his team in fairly good condition for the start of the 1934 season.

Following the first regular workout and practice game last Sunday, Gartley expressed himself as being well pleased with prospects for a successful season. The regulars had just won a practice game from the yanigans by a score of 11 to 7.

Sunday's game is scheduled to start at 2:30 p. m.

Benefit Dance Saturday  
The second dance to be given for the benefit of the team will be held at Pikeville Saturday night. The first dance held last Saturday night was well attended, and Manager Gartley and players extend thanks to those who have aided the finances of the team by purchasing tickets.

Tickets for the dance Saturday night may be purchased at Keulman's or the Klass clothing store.

### Local Association Makes Short Time Production Loans

Application for production loans to farmers in McHenry and Lake counties are now being received by T. Burroughs, Secretary-Treasurer of the Woodstock Production Credit Association. According to Mr. Burroughs, all loans will be made on a business basis and according to the security furnished by the applicant and liquidating elements involved.

"These loans that will be made in McHenry and Lake counties served by the Woodstock Association must be good loans and loans that are collectible if the association is to continue as a permanent service to farmers in this and other communities," as intended," Mr. Burroughs said.

"Fortunately, not all farmers in this county need credit," he continued, "but for those who do the association stands as a business organization—not as a charity institution. Loans may be obtained for periods of 3 to 12 months by any eligible farmer who needs credit and has the necessary liquidating elements and security; but if a farmer is eligible for credit it must be extended on a business basis."

Further information may be received by applying to Mr. Burroughs, Woodstock; Production Credit Association, Woodstock, or Lake County Farm Bureau, Grayslake, Ill.

### H. S. Baseball Team to Sponsor Movie

The athletic department of the Antioch Township high school is sponsoring a movie, "College Coach," featuring Dick Powell, and a fine supporting cast, at the Antioch Theatre, Monday and Tuesday nights, April 16 and 17.

Proceeds will be used to purchase uniforms for the members of the baseball club, who are competing this spring with conference teams for the first time in several years.

In former years, when the school boasted a good club, business men and sports fans as well as students supported the teams enthusiastically. Prospects for a good team appear excellent according to spectators at practice, and the acquisition of uniforms will add an incentive to real playing as well as swelling the attendance.

"College Coach" is a fine movie, full of human interest, activity, and of course a little bit of love, according to those who have seen it.

Members of the teams will start selling tickets this week among the merchants and town residents. Admission prices are 25 and 15 cents.

Mr. and Mrs. L. A. Horton and family moved to Waukegan last Saturday, where Mr. Horton is manager of the Phillips 66 Service Station on the corner of Grand Ave. and Lewis Street.

Mr. and Mrs. August Baethke, Mr. and Mrs. Edgar Baethke, Mr. and Mrs. Arthur Anderson and Miss Ruth Mapes were entertained at the home of Mr. and Mrs. Walter Baethke Sunday.

### LAKE VILLA COUPLE RETURN FROM CALIF.

### Ladies' Aid to Meet for All- Day Meeting and Pic- nic Wednesday

Capt. and Mrs. E. L. Bradley returned home Sunday evening from a short visit to California. They were met at the train by the Allendale Band and a group of Allendale boys and employees and given a rousing welcome.

The Ladies' Aid Society will meet at the church on Wednesday, April 18th, for an all day meeting and to clean the church. Bring your picnic dinner and enjoy it with your friends. Men are very welcome, for there is plenty to do.

Mrs. Theresa Abent returned Saturday from a three weeks visit with friends and relatives in Chicago.

Mr. and Mrs. Paul Avery spent last Thursday in Chicago.

Mrs. Mosby and a friend drove down from St. Cloud, Minn., last week to spend a few weeks at the Mosby cottage here, and Dr. Mosby will join them later.

William Rhoades, who has been in a Government camp working on the Skokie project, returned home the first of the month.

Rev. and Mrs. Howitt, Clara Howitt and Miss Benham spent Saturday with Mr. and Mrs. Merrill Howitt at Blue Island, and Rev. Howitt took the bus the same afternoon to return to his duties at Bangor, Maine.

The Officers' Club of the R. N. A. met Monday afternoon with Mrs. Tony Jensen at Sand Lake. Several visitors were present, and the group enjoyed playing 500. Mrs. Bertha Fish, Mrs. Florence Peterson and

Mrs. Marie Hamlin were prize winners and the hostess, Mrs. Jensen, served refreshments.

Mr. and Mrs. Eugene Sheehan, Jr., returned home Friday evening from their wedding trip to Springfield, Ill., and are now nicely settled in their home on the north side of Cedar Lake. Mr. and Mrs. Will Sheehan and son of Waukegan called there Sunday.

Tom Wilkinson, son and daughter, who have been living near Fox Lake, have moved to the Decker place east of town.

Ben Cribb spent Saturday afternoon and Sunday in Chicago.

Mrs. Harry Stratton has been confined to her home by illness most of the winter but hopes to be out again soon.

Mr. and Mrs. Henry Nader, who live in Kenosha where Mr. Nader is employed, visited Mr. and Mrs. Frank Nader on Saturday.

The Red Cross classes in Nursing and Home Care of the Sick were concluded last Friday night when Dr. Callahan of Waukegan gave a talk on "First Aid," and demonstrated bandaging by a group of high school girls from Waukegan, and which was much enjoyed. We had stated that the classes would continue a short time, but it was not possible to do so.

Mrs. Ed Tiede who has been quite ill, is much improved and her mother who has been with her, has returned home to Chicago.

Mr. and Mrs. George Mitchell and daughter of Chicago and Mr. and Mrs. William Weber, Jr. and family were guests of Mr. and Mrs. James Kerr on Sunday.

Mr. and Mrs. Clara Sherwood had as their Saturday evening dinner guests, Hon. and Mrs. William McKinley Marks, Professor and Mrs. Charles Fryc, Miss Madonna Rae Masterson, all of Lake Villa, and William Horatio Nelson of Meville, Ill. The evening was spent in playing bridge.
